## What is *Circuit* ?

*Circuit* is an MS Excel software application for bookkeeping, and reporting designed specifically for the CERC Program.

## Loading *Circuit*

Read the notes for changes in the current year's version in the 'Notes' tab.

## Specifications

*Circuit* will operate on MS Office 2007 and any later version and requires 256mb memory.

## Tips and Hints

- Tips will appear on worksheets by hovering your cursor on the cell you want to update.
- **Always click 'Options' in the Security Warning tab, then click 'Enable Content'**

## Saving

Good practice is to "Save" at the end of updating any Worksheet;

## Back-Up

Have a Back-Up copy of *Circuit* on a memory stick, CD or Portable Hard Drive for each month.

## Printing

- Highlight the area of any Worksheet to be printed;
- Click the "Print" Option;
- Click on "Selection" in Print Range box;
- Click "Ok".
- Quarterly Reports can now be printed from the 'Menu' tab.

# Starting a new Financial Year

## What you should have before starting?

- Current Year's First Schedule from CEHL
- Rent Cards from the previous period;
- Bank Reconciliation from the previous period;
- The new version of *Circuit* from CEHL (for the new financial year).

## Updating *Circuit* for the new Financial Year

Always click 'Options' in the Security Warning tab, then click 'Enable Content'

### Start with the 'Menu' worksheet tab:

- Enter the CERC's name;
- Enter street address of each property.

### Then go to 'Rent Cards' worksheet tab:

- Enter Tenant's name;
- Address;
- Property number;
- Tenancy start date

Enter the tenant's *carried forward balance* from the previous financial year. This could be positive (advance) or negative (arrears)

<b>Sally White</b> <b>10 Park St</b> <b>Collingwood</b>		CERC Name:		1

<b>August-2012</b>						
				\$289.91		

- Enter the rent to be charged. Please note, the first rent period may be one week or two, depending on the financial year. Adjust the rent figure according to when the new rent applies ie: 1<sup>st</sup> week may be at the previous financial year's rent and the 2<sup>nd</sup> week will be at the new financial year's rent.
- If you do not enter a tenancy start date Circuit will not allow you to proceed to the next worksheet tab.
- Repeat for each property.

Enter in previous financial year's closing cashbook balance from June's bank reconciliation

# Updating *Circuit* each month

## Documents you need before starting:

- Bank Statements;
- Centrepay Statements (if applicable);
- Cheque Requisition Forms with attached invoice/s;
- Details of any tenancy or rent changes in the last month i.e. from rent assessments

### 1. The Rent Cards Worksheet:

Record all rents paid

Type Name		CERC Name:		PROPERTY No. 3		
Type Address		DATE OF TENANCY		END OF TENANCY		
Type Address						
PAYMENT DETAILS		RENT CHARGED	RENT PAID	BALANCE	DAYS IN ADVANCE/ ARREARS	PAID UP TO (DATE)
Balance Brought Forward as at 30-Jun-12						
<b>July-2012</b>						
Rent Paid			\$ -			
Rent Charged	1-Jul-12 2 WEEKS TO 14-Jul-12	\$ -	\$ -			
Rent Paid			\$ -			
Rent Charged	15-Jul-12 2 WEEKS TO 28-Jul-12	\$ -	\$ -			
Rent Paid			\$ -			
<b>August-2012</b>						

**Step 1** Enter date and amount of rent paid eg. 4/7-\$250  
If there is a Centrepay fee, record as eg.4/7-\$250cp or \$249.01+.99

**Step 2** Enter total paid for the relevant period eg \$250

Print a copy of the Rent Card each month for all tenants. Refer to the printing instructions on page 3.

### How to record tenant's Centrepay deposits

The difference between the bank statement and the Centrepay Report will be the centrepay fee.

When recording the deposits onto the tenant's rent card use the amount from the bank statement plus the centrepay fee. To indicate it has a centrepay fee type 'cp' or **+.99** after the rent amount.

**Closing off a rent card when a tenant “vacates” the property**

**Step 1** Calculate the number of days rent is to be charged and enter in the amount in the ‘rent charged’ column.

**Example:** Sally ends her tenancy on the 26 July. Her fortnightly rent payment begins on the 15<sup>th</sup> July. Therefore she has 12 days of rent to pay.

$$\$380 \div 14 \text{days} \times 12 = \$325.71$$

<p><i>Sally White</i> <i>10 Park St</i> <i>Collingwood</i></p>		<p>CERC Name: PROPERTY No. <b>1</b> DATE OF TENANCY 1/08/2005 END OF TENANCY 26/07/2012</p>

<b>August-2012</b>							
Rent Paid							
Rent Charged 29-Jul-12 2 WEEKS TO 11-Aug-12	\$ -						
Rent Paid							

**Step 2** Delete rent charged after the close off date which is 26/07/2012

Balance Brought Forward as at : <b>30-Jun-12</b>	\$0.00
PLUS TOTAL RENT PAID	<b>\$705.71</b>
MINUS TOTAL RENT CHARGED	<u>\$705.71</u>
DIFFERENCE*	<u><u>          </u></u>

- \* IS THE DIFFERENCE EQUAL TO THE BALANCE TOTAL?
- \* DOES THE TOTAL RENT PAID BALANCE WITH CASH RECEIPTS JOURNAL?

**NOTES:**

Tenant left on the 26 July. No outstanding rent

**Step 3** Add a note to the bottom of the rent card when the tenant has vacated. If a refund is due, record the cheque details

**New Tenants**

Every new tenancy must have it's own rent card. If a tenant transfers from one property to another set up a new rent card. When setting up a new rent card always record the name and address on the left hand side of the rent card. This automatically updates the right hand side.

## 2. Cash Receipts Worksheet:

This worksheet is for recording all income for the month – there is a separate worksheet for each month of the financial year.

**Step 1** Record rents paid for each property on each date received (as per the bank statement) in this section.

<u>CASH RECEIPTS JOURNAL</u>		Jul-2015					
<u>RENTAL INCOME</u>							
DATE Jul-2015	REFERENCE	BANK STMT PAGE NO.	1	2	3	unidentified	4
1-Jul-15	1,3	1	\$380.00		\$278.00		
16-Jul-15	2, 4	3		\$240.00			\$330.00
24-Jul-15	unidentified					\$350.00	
31-Jul-15	tsfered from unidentified to property #2			\$350.00		- \$350.00	

### OTHER INCOME

DATE Jul-2015	DESCRIPTION	ACCOUNT TRANSFERS NO GST	GST	INTEREST NO GST	CEHL NO GST	RATES NO GST	MAINTENANCE CYCLICAL
31-Jul-15	NAB Savings acc			\$731.00			

**Step 2** Record all income other than rent (ATO refunds, interest etc.) in this section

**Tip** - Columns beyond column 'N' can now be hidden by using the hide function in excel. Highlight the columns to be hidden, then right click on the mouse and select 'hide'

### **Unidentified Rent Deposits**

Unidentified deposits are to be recorded on a separate rent card. Select the next available rent card and type in the tenants name as 'Unidentified deposits' under Property No. 'unident'

In Cash receipts it will automatically appear in the rent section as a column headed 'unident'. See example diagram above

1. Record the date of deposit and amount on the rent card.
2. Record the deposit in Cash Receipts under the column header 'Unident'
3. **To reallocate the unidentified deposit in the Rent Card** under Rent paid column record as a – negative and in the notes type transferred to property X.
4. **To reallocate the unidentified deposit in Cash Receipts** under the 'Unident' column record as a – negative and then record it in the actual property column

When the deposit is identified, make the adjustment in the current month not when the deposit appeared on the bank statement.

### 3. Rental Summary

The rental summary shows all rents paid per month by each property. The worksheet compares the amounts recorded on the Rent Cards with the amounts recorded in the Cash Receipts.

After entering the amounts on both the **Rent Cards** and **Cash Receipts** for the month, check the rental summary to make sure the balances both match.

## 4. Cash Payments Worksheet:

This worksheet is for recording all expenditure for the month— there is a separate worksheet for each month of the financial year.

**Step 1** Record details of all cheques written during the month and all direct debits appearing on the bank statement.

### How to record a cancelled cheque

In the current month, record the details of the cheque to be cancelled and record the amount as a negative. If the payment has gst, also record as a negative. Do not include the original cheque and the cancelled cheque in the bank reconciliation.

## 5. Bank Reconciliation Worksheet

This worksheet is used to cross check your bank statement with your income and expenses for the month.

<b>DIFFERENCE</b>		<b>\$ -</b>	
Does your bank reconciliation balance? <b>Yes</b>			
If no check the unrepresented cheques from previous months bank reconciliation and check unrepresented cheques in the current months cash payments.			

### Step 1

Record the end-of-month balances for each bank account, using a separate line for each account

**Step 2** Look at last month's bank reconciliation and mark any cheques that are still unrepresented in that month with a,b,c etc. They will automatically appear as unrepresented in the current month.

### Step 3

Unrepresented chqs will transfer into this section. From the current month's cash payments worksheet (on page12) follow steps 4, 5, 6

All other fields on this screen are automatically filled in by *Circuit*,

If all information is correctly recorded, the "Difference" line should read "0" and the "No" will change to "Yes" and the Bank Reconciliation is complete.

# How to Complete the Maintenance Budget Planner

## Maintenance Budget Planner

This new worksheet is to be updated by the Treasurer together with the Maintenance Director of the Co-Op at the start of the new financial year as follows:-

### 1. Budgeted Income

Is the total rent income the Co-Op will receive for the year.  
Enter the 'Total Rent for the Year' from the 1<sup>st</sup> Schedule.

### 2. Opening Cash Book Balance

Balance is automatically transferred from July 'Bank Reconciliation' worksheet in Circuit.

### 5. Planned Cyclical Maintenance

In the green columns the Co-Op can select a property and maintenance type from the drop down list. Then enter in the estimated expense in the relevant month.

## **Difficulties with the Bank Reconciliation**

If, after completing the Bank Reconciliation and it does not read “Yes” (i.e. is not balanced), there are various steps you can retrace:

- Did the bank reconciliation balance last month?
- Are all the amounts in Cash Payments and Cash Receipts worksheet entered correctly to the cent?
- Have all direct deposits (other than tenant rents) and direct debits from the bank statement been entered. Is the current month’s unpresented cheques marked off as a, b, c etc.?
- Check last months unpresented cheques to see if they have been presented.
- Does the Rental Summary balance?
- Are the closing balances on the Bank Statement recorded correctly?
- Is there a page missing from the Bank Statement, e.g. there may be a second page on the back?
- Are Centrepay fees recorded in the Cash Payments worksheet?
- Has all income been recorded in the Cash Receipts worksheet, e.g. rents, ATO refunds, Interest, CEHL refunds etc.?

If, having checked all of the above, the Reconciliation still does not balance, perhaps seek a second person to check the figures or contact CEHL for assistance.

## **Circuit Reports**

*Circuit* automatically generates reports from the data entered into the worksheets. They are essential for the Treasurer, the CERC Board and General Members to make informed decisions about the CERC's finances.

### **Rental Report**

This report shows the rent balances for all CERC properties and highlights any tenants more than 21 days in arrears;

For any tenants more than 21 days in arrears, actions taken should be recorded in the lower section of the Report;

This Report should be presented to the CERC Board every month.

### **Expenditure Report**

This report shows all expenditure for the month – and is generated from the data entered in the Cash Payments Worksheet;

The Report should be presented to the CERC Board and general members every month.

### **Budget**

This Report provides a comparison between actual expenditure and allocated funds based on percentage of rents collected;

The Budget Month to Date (MTD) and Year to Date (YTD) figures are generated from the Cash Receipts Worksheet;

The Actual (MTD) and (YTD) figures are generated from the Cash Payments Worksheet;

CERCs are able to change the budgeted percentage for each item (except the Company Rent, which is set at 55% of Forecast Rental Income) in this Report by changing them in the Cash Receipts Worksheet;

The Report is a guide to inform financial decision-making.

### **BAS**

The BAS (Business Activity Statement) is a report to assist the CERC in preparing the quarterly BAS Statement for the ATO;

The Report is generated from the Cash Receipts and Cash Payments Worksheets.

## Financial Report

This report shows all income and expenses for the month, quarter, and year to date and is generated from the data entered in the Cash Receipts and Cash Payment Worksheets;

The Report shows if the CERC is running at a profit or a loss for the period;

The Report should be presented to the CERC Board and General Members at each meeting.

## Quarterly Report

CIRCUIT files are required to be emailed to [finserv@CEHL.com.au](mailto:finserv@CEHL.com.au) for the purpose of the quarterly reports by the following due dates:

Quarterly CIRCUIT File	Date Due to CEHL
Jul to Sep 2015	30/10/2015
Oct to Dec 2015	25/01/2016
Jan to Mar 2016	28/04/2016
Apr to Jun 2016	29/07/2016

## Property Maintenance File

This Report shows all maintenance expenditure per property for the financial year;

The Report is generated from the data entered in the Cash Payments Worksheet (provided a Property Address was correctly assigned to any Maintenance payments in that Worksheet);

This Report should be provided to the Maintenance Director regularly.

## Occupancy Report

This Report forms part of the Quarterly Report to CEHL and notes any tenancy changes in the period;

Most fields are automatically completed by *Circuit* from the Rent Cards, some fields are required to be completed on the Report.
