

Rent increase deferred until 1 January 2021

Rent increases will be deferred until 1 January 2021, in line with the recent announcement by the Victorian Government [Renting rules and support during the moratorium](#) unless co-op members/program participants have already received an immediate rent decrease (or increase if an income change occurred before 29 March 2020).

Rent assessment notices will be sent in November 2020.

Maximum rent amounts remain the same as last year, 2019.

Co-op members and program participants are urged to get in touch with CEHL if your income decreases at any stage and you require an immediate rent reassessment by contacting the Finance Team on [1800 353 669](tel:1800353669) or email finserv@cehl.com.au

If you need extra help during this challenging time, please get in touch as there are support services that can help:
